

FMS PLC Team Norms

Team Members:

Date: _____ 8/13/15

Logan Williams, Braiden Mock, Abby Morgan

Our Norms: (ex. How often we meet, start and stopping time, how differing opinions will be handled, etc.)

- **Start on Time and end on time (8:40-9:10)**
- **Use active engagement**
- **Come prepared**
- **Set a date collaboratively for grades to be in and discussed**
- **Team will provide at least 2 formative/summative pieces to grade together and increase inner rater reliability.**

Norms to be developed in the coming years: (ex: how soon before a unit will the common formative assessments be created, how soon after formative assessments are given are they to be graded, how long after the assessment will results be compared, how long after results are compared will a plan for intervention and extension be implemented, how many formatives will be co-graded to improve inner-rater reliability)

When our norms are broken, we will: Go over them again and discuss ways we can improve on our norms.

We will notify administration when: Norms have been repeatedly broken and our structure for intervention has also been repeatedly not received.
